

USA ELITE WINS

Ok now 1-0 5 more games to go. The score was i think 71-59. Hey they were a good team but check this out this team was full of teenagers. Crazy huh, the oldest was 22yrs. Two of them to be exact. It took us a lil while to get the lead but once we did we never let go. This was a great experience. The refn was crazy i didnt know you could take 3steps after you pick the ball up. lol Also we start on the same side as our bench and there are 4 10 min quarters. Those girls were really aggressive. After the game we exchange gifts with them. I brought a flag and medal to hand out, they really like it. They gave us all humm like a silk scarf or bandana from their country. After that we sat and ate with them. They made us Beef steew. It was good to some of players but unfortunately I had to past down. Well another day has past and I will get back to you

tomorrow, Game Time 6pm Prob.
